

Graduate Professionals (Intermediate Practical Training)

Intermediate Training Program (IP2)
Practical Training: PCR, RT-PCR & Gel Electrophoresis

Cost: AED 7,000
(VAT is not included in the above price)

tabby tamara

Duration	5 Days
Format	Lecture + Hands-On Laboratory Training
Target Group	Individuals seeking to upskill their knowledge through up-to-date medical training programs. Open to licensed healthcare professionals and individuals holding a minimum of a bachelor's degree in a healthcare-related field.
Location	FSG Lab – Meeting Room FSG Molecular Laboratory
Certificate	Certificate of Completion

Program Overview

This 5-day hands-on training provides healthcare professionals with direct exposure to molecular diagnostic techniques such as PCR, RT-PCR, and gel electrophoresis. Participants will rotate through lecture and lab modules designed to simulate clinical and research environments, enhancing technical skills and regulatory readiness.

Program Objectives

By the end of the training, participants will:

- ✓ Perform end-point PCR, RT-PCR, and gel electrophoresis techniques
- ✓ Distinguish between PCR workflows and applications in diagnostics
- ✓ Practice lab safety, pipetting, and reagent preparation with precision
- ✓ Troubleshoot amplification issues and interpret gel results
- ✓ Understand documentation, quality control, and assessment metrics

Training Summary

- Lecture-based Overview of PCR, RT-PCR, and Gel Electrophoresis
- PCR Demonstrations & Hands-On Practical
- RT-PCR Demonstrations & Practical Sessions
- Gel Electrophoresis Demonstrations & Practical Sessions
- Feedback, Evaluation, Certificate Distribution, and Q&A)

Why Train with Us?

- Delivered in partnership with Eppendorf, a global leader in life science lab technologies
- Conducted in a GMP-certified facility
- Access to advanced equipment
- Real lab setting + simulated experience = best of both worlds
- Personalized supervision by licensed technologists and research trainers
- Structured to meet university-accredited elective training requirements

Application & Registration Workflow

1

Submit Training Inquiry

Via www.fsg-lab.com or email

2

Receive Eligibility Confirmation

With slot availability and instructions

3

Prepare & Submit Full Application

- DHA License Copy, if available (front & back)
- Passport copy or Emirates ID (front & back)
- Passport-size photo (white background)
- CV/resume

4

Application Review & Confirmation

FSG will confirm acceptance and finalize schedule

5

Receive Invoice & Settle Fee

Via bank transfer or approved method

6

Receive Pre-Training Instructions

Including schedule, dress code, and lab rules

7

Begin Training

With original passport/EID and student ID

8

Complete Training & Receive Certificate

Upon successful attendance and conduct

Terms & Conditions

Once a training slot is confirmed and invoiced, the fee becomes non-refundable. Attendance, punctuality, and adherence to lab conduct and dress code are mandatory. FSG reserves the right to modify training schedules or venues with prior notice.
